

## # Exam Stress Management

Exam stress is common among students. It often comes from fear of failure, lack of preparation, and uncertainty about outcomes.

### ## Common Signs

- Difficulty concentrating
- Irritability
- Poor sleep
- Headaches
- Feeling overwhelmed

### ## Coping Strategies

- Break study sessions into smaller blocks.
- Use a study schedule.
- Take regular breaks.
- Practice deep breathing.
- Avoid comparing yourself with others.

### ## Before the Exam

- Sleep adequately.
- Review key concepts instead of cramming.
- Prepare materials the night before.
- Arrive early and stay calm.
